**Thank you to all the churches
 that hosted our national church planters!**

Pray for these men as they return to their mission field **AND** that churches will add them to their mission support. Our purpose for bringing these men into our nation for 3 months is to raise personal support for them to help devote more time to church planting.

When I was the pastor at Grace Baptist Church, Hinesville, GA, one of the nationals said 'Whether you help us or not, we will continue to do what we are doing. But if you help us, we can do more.' That sums the purpose of H.E.L.P. Ministries - *Help Evangelize Lost People through national Baptist church planters reaching their own people and beyond.*

Gathering for the baptism
