

New York State Department of Health and
Suffolk County High School Hockey League
Game Day Protocols

- CDC approved face coverings must be worn at all time. *
- Upon entering the building, you will have your temperature taken, questionnaire filled out, contact tracing information recorded.
- Approved face coverings will be worn while in locker rooms.
- Approved face coverings can only be removed when the player is putting on their helmet. *
- Players may opt to wear an approved face covering if they wish.
- Bench personnel must wear approved face covering at all times.
- One water bottle per player may be brought to the bench and absolutely no sharing of water bottles.
- Players and bench personnel must socially distance while on the bench as much as possible.
- Absolutely no spitting while on the bench, ice or anywhere in the building.
- No team celebration or support around the goalie at the end of the game.
- No handshake will be permitted at the end of the game.
- Once players have returned to the locker room and their helmet has been removed, approved face mask must be worn.
- No bathroom showers are permitted to be used.
- Once player is dressed, they must exit the building via the North Rinx parking lot door. DO NOT re-enter the lobby.
- Per the SCHSHL, no spectators will be permitted in the building. Live streaming will be provided at no additional cost.
