

Goodwill Missionary Baptist Church Scholarship

The mission of the Goodwill Missionary Baptist Church is "Learning to live righteously while impacting the Community". This mission is not solely reserved to spiritual walks, but extends to the realm of education as well. We want students to know that their support system goes beyond just their families; we want to be part of their foundation as students prepare for educational success. We will be part of the partnership with students as they follow the path God has for them, whether a traditional college/university or trade school.
