2. Consider and act on repairs to the Lift Station at 312 W. Vernon Street.

Nick Williamson spoke and said they had 2 different people come out and look at the lift station and both said it was totally fried and needed to be replaced. Patterson said they could pick up the new lift station on Friday morning and could start Monday morning. Tammy Hartline asked if it were in the budget and City Administrator said it would need to be taken from our reserve. Roger Goodwin said he found one for about \$7,000.00 but we would have to get someone else to install it. Tammy Hartline said that this is an emergency and is something that needs to be done asap. If we use someone else and must find someone to install it, it could delay the install. Terry Crumby said Patterson has done a lot of work for us and we trust their work, we need to trust them now and get this repaired.

Terry Crumby made a motion to go with Patterson and get the job done as soon as possible. Jennifer Washburn seconded the motion, motion carried 5-0.
