Range Orientation

All members must attend a Range Orientation before membership cards will be issued. For Family or multi-card Life/Trade memberships; each partner/spouse must attend a Range Orientation before the secondary card is issued.

Membership FAQ

Can I loan my membership card to anyone else?

No. Membership cards, and the code printed on the back, are restricted only to the use of the member to whom the card was issued. Any guest(s) must be accompanied by the active member. This includes direct family members. Sharing your card or the gate code with anyone is grounds for membership termination.

When do memberships need to be renewed?

Club memberships run from January 1st to December 31st each year, the renewal period starts October 1st each year. There is no proration of dues for joining mid-year. There is, however, a period from October 1st forward where new members are considered enrolled for the next membership year *and* the current year.

What is the benefit of a Family membership over an Individual?

Two cards will be issued with a Family membership (after each person completes a Range Orientation). Both card holders can access restricted Club property and equipment independently. Both card holders may bring guests.

Do I have to get a Family membership if my partner/spouse uses the range together with me?

No. The Family membership is only required if your partner/spouse plans to use the range when you are not present.

Can I "upgrade" my Individual or Senior membership to a Family membership?

Yes. Your partner/spouse will be required to attend a Range Orientation before the second card is issued.

Are members allowed to bring guests?

Yes. Members may bring up to 3 guests, at a time, with them to Club restricted property. You are responsible for the actions of your guests and the Club expects you to explain the Range Rules to each guest. Any guest under the age of 18 must *always be under your direct supervision*. Please refer to the Range Rules for more details about guests.

How does someone become a Life / Trade member?

Issuance of a Life membership is decided directly by the Club Board of Directors; it is exceptionally rare and in direct recognition of someone who has made a significant impact (positively) on the Club itself, its membership, or the community.

Trade members are members who are recognized as trading their skills, time, or resources in exchange for membership fees. Trade membership is generally limited to the time the member is actively trading with the Club and revert to standard memberships when completed.
