Website Maintenance is included with the purchase of one of our other services.
- Digital Marketing Consulting Only: \$200/month for FOUR 60-min Meetings.
- If you are a local business and we film the content for you, we add an additional \$30 per day of filming up to 3 hours (\$20/hour after) with one of our Video Editing Services.

HOW IT WORKS

All monthly services include two monthly 60-minute planning meetings to go over your goals, the narratives to be told through your content, and what is needed by both parties to execute the plan. You will upload your raw content to the designated Google Drive Folder, and we will take the rest from there. We post, monitor, and pivot when needed on your main social media accounts so that you can focus on your business.

- Website Design (Using GoDaddy's Website Builder) - Website Maintenance
- Logo & Other Graphic Design - Video & Podcast Production - & MORE.

WHY

In today's world, especially after the impact of the COVID-19 Global Pandemic, people have had to find new ways to adapt their business. Where it used to be enough to provide a great product or service and a high-traffic location, it is now about getting in front of the customer's eye as they continue to consume everything online. It is important, now more than ever, to have a strong online presence that both conveys the benefit of choosing YOU for their business, and yet is fun and grabs the eye. Titan Media Collective will help funnel your customers to the places you want them to be, so that all you have to do is run your business.
