

# Lone Star Medical Weight Management

**Weight loss services. This includes oral and injectable medications, nutrition counseling, supplements, health monitoring and support services.**

**We Can Help You Meet Your Weight Loss Goals**

## HEALTH MONITORING

A team of doctors and nurses monitor your vital signs, labs and weight loss progress. We manage your medication and make adjustments as needed.

\*Telehealth Visits also available.

## WEIGHT LOSS INJECTIONS

We offer a variety of injectable medications for weight loss. We develop a personalized plan for you. Oral medications are also available.

## SUPPLEMENTS

We offer B12 injections and oral supplements. Ask us about our line of supplements at your appointment.

## NUTRITION COUNSELING

Evidence-based nutritional education that will help you achieve the results you desire.

## COMPOUNDING PHARMACY

We have a collaborative relationship with compounding pharmacies to provide you the best products at an affordable price.

## SUPPORT

We provide ongoing support on your weight loss journey. Our friendly and supportive staff are here for you.
