

In The Dark Park

Alternative/Indie Band

Press Kit | 2025

In The Dark Park is an alternative band from the Vancouver region of BC, Canada. They have created a sound that blends melodic soundscapes, jazz fusion, synth-driven styles, grunge guitar, and layered harmonies. Their music is a journey through the emotional depth of nostalgia, experimentation, and the Pacific Northwest perspective. Inspired by the 80s and 90s music that shaped their influences, they explore new ways to merge genres and ideas, always seeking unique, unexpected combinations. Their sound is cinematic, atmospheric, and always evolving.
