Supplier plan items to consider

- 🍊 Is there enough coverage to ensure that your client is protected both before departure and at their destination?
- 🍊 If the trip is cancelled, will your client receive their money back or a travel credit?
- 🍊 If required to re-book with a travel credit, will your client's desired destination still be available?
- 🍊 Will your client need to pay the difference if their trip is more expensive when they re-book?
- 🍊 What happens if your client has a travel credit and the supplier goes out of business or the credit expires?
- 🍊 Are all components of the trip, such as additional air fare, covered?
- 🍊 When does supplier coverage end (for example, 24 or 48 hours before departure)?
