

Why Join?

According to a study by the National Fire Prevention Association, there are over 29,000 fire departments in the United States, 65% of which are run by volunteers, including Redding! All of our members balance their volunteer work with their careers and families. Some families even join and volunteer together, like our fire captain and his family (pictured above). This is a great way to give back and we are always excited to welcome new members!

Volunteer!

Redding Fire & EMS
Co. 1

Join the
community!

How to Apply

- Download a membership application from our website, reddingfire1.org.
- Bring the application to the firehouse on the first Monday of the month at 7 pm for the membership committee to review.
- Meet with the membership committee for an informal interview.
- After your application has been reviewed it will be put up to a vote at the next monthly meeting!

Ways to Volunteer

- Firefighting
- Emergency Medical Services (EMR, EMT, Ambulance Driver)
- Fire Police (help control scenes by controlling traffic)
- Entertainment Committee (help us put on events for members and for the community)

There are so many ways you can help out the Redding Community with the fire department, but the department can also help you! The experience looks great on resumes and college applications!

Thinking about starting a career in emergency services? We can help you get the certifications, experience, and connections that will help you apply to career departments.

Any Questions?

Feel free to visit most Monday nights at 7 PM at our Redding Ridge fire station, 186 Black Rock Turnpike; or any of our sponsored events around town!
