

Sew Many Stringy Scraps!

We will be sewing our strings to a 10" foundation paper. The center diagonal strip becomes the sashing to create a little order in our riot of color.

Paper and fabric will be provided. Bring the usual and make sure to include a glue stick, 15" ruler or longer, pencil and rotary cutter and mat. Having your own iron and pad would save you time but we can share.

We can do a string swap if you bring some from home and want to have more variety.
