PROFILE

I'm Júlia, a Brazilian motion and graphic designer based in Berlin, with experience in design, animation, and illustration for marketing. I have eight years of experience working on projects for advertising and game studios, creating engaging visual content for a wide range of brands, including Bloomberg, Chobani, and Amstel, as well as games such as Forge of Empires. I hold a valid work visa for Germany and am open to new opportunities.

WORK EXPERIENCE

Klang Games

SEP 2023 - PRESENT

Motion & Graphic Designer

Created a wide range of marketing and internal design assets, including social media posts, carousels, motion graphics, videos, templates, posters, and other branded materials, ensuring cohesive visual communication across campaigns and platforms.

InnoGames GmbH

OCT 2022 - SEP 2023

Communication Designer

Produced promotional videos and motion graphics for games including Forge of Empires, Rise of Cultures, and Sunrise Village.

WPP Heineken Lab

JUN 2021 - OCT 2022

Motion Designer

Created motion graphics for brands such as Devassa, Sol, and Amstel, adapting content for a variety of platforms including stadium screens, television, and social media.

Vetor Zero

JUL 2017 - JUN 2021

Intern | Motion Designer

Started as an animation intern and transitioned into a full-time motion designer position. Worked on a variety of advertising projects as a motion designer, 2D animation assistant, and 3D modeling support for clients such as Bloomberg, Ford, and UNICEF.

EDUCATION

Bachelor's Degree in Animation Design

2017 - 2021

Universidade Anhembi Morumbi | São Paulo, Brazil
