Hi Cindy, I noticed I have some holes from before I moved in. I was wondering if you would be able to seal these because mice live in there and I need to have the exterminator and holes done around the same time

can you please send some photos on the holes and mention the location? emailing that will be even better so we can keep good track of the work. we checked last time around the house and couldnot find any.

Hi Cindy, I hope you are doing well. I sent a follow up email regarding the holes and would like to know when it will be taken care of so we can also order the exterminator
