

# YES FOR ATTORNEYS

You handle the law. We handle the legwork.

YES plugs into your legal team to handle the research, coordination, and entitlement support that eats up your time but doesn't require a JD. We make you look good, help keep our clients happy, and keep your calendar clear for high-impact work.

Our role is simple - support your strategy, protect your time, and never step on your legal shoes.

## WHY PARTNER WITH YES?

- Offload non-legal entitlement work to a trusted partner
- Keep clients engaged, informed, and on-track.
- Maintain control without doing the heavy lifting
