We hope everyone attending our Studio Dance Parties has a wonderful time. We encourage children to fully participate and enjoy themselves in a safe and stimulating environment. As such, there are inherent risks that are always associated with children playing and having fun together. These include children being exposed to moderate physical activity, tripping, falling and bumping into objects and other children. We have taken every reasonable step to control these risks through the design, maintenance and operation of our facility. However, it is impossible to eliminate such risks completely whilst providing a stimulating environment and parents / guardians must recognise and accept these risks.
