Thank You for supporting your Legion.

Throughout history, Canada's military personnel have responded to natural disasters and domestic tragedies—often putting their lives on the line to help others.

In July 2017, wildfires broke out in British Columbia and Manitoba. In response to the provinces' requests, the **Canadian Armed Forces** (CAF) quickly deployed troops and aircraft to the region to help keep us safe. For just over two months, the CAF supported this emergency response. They worked with local firefighters, helped evacuate people, and delivered essential aid to remote communities.

**#OperationLentus** is the CAF's response to natural disasters in Canada.
