Sign up sheets for golf in the lounge you must sign by Sat to play next Thursday for info or to cancel your golf call Vicki 780-996-0734

Four worms were placed in four separate test tubes:

1st in beer
2nd in wine
3rd in whiskey
4th in mineral water

The next day, the teacher shows the results:

The 1st worm in beer, dead.
The 2nd in wine, dead.
The 3rd in whiskey, dead.
The 4th in mineral water, alive and healthy.

The teacher asks the class:

- What do we learn from this experience?

And a child responds:

- Whoever drinks beer, wine and whiskey, does not have worms.

-What do dinosaurs and the 9th planet in our solar system have in common?

They're both extinct.

-What do you give a scientist with bad breath?

Experi-mints

-What did Benjamin Franklin say when he discovered electricity?

Nothing. He was too shocked to speak.

-Why was the Roomba late for class?

It overswept

Thank You for supporting your Legion.

May is recognized as Mental Health Awareness Month, a time when we shine light on mental health. According to a 2021 Canadian Armed Forces Health Survey, 73% of Canadian Armed Forces Regular Force personnel reported awareness of mental health programs like the Road to Mental Readiness (R2MR), but only 26% had used these resources, indicating a gap between awareness and engagement. Being a part of the CAF can be taxing on your mental health. However, working to break the stigma attached to mental illness could see more CAF members using up the available resources.
