

CODE OF CONDUCT

2022

A message from the owner:

Welcome to the North Shore Enhancement LLC code of conduct file.

My name is Katrina Eddy, and I am the proud owner and operator of North Shore Enhancement LLC. I am proud to say that the fantastic people I have working for me at my company are some of the best around. I make sure I only hire people who have a background in this industry with some sort of hands-on training. My crews take pride in every job that they do.

What keeps us together as a strong company is our core values. We are not only accountable for the great work that we do, but we also care very deeply about *how* we do it.

Our code of conduct defines the actions that we take, what we stand for as a company and how we present ourselves to our clients, distributors, and each other every day. By having a code of conduct, we are not breaking down every situation we may face on a day-to-day basis, these values are how we conduct ourselves everyday even in our personal lives. We use our values everyday to make the best decisions we can to make sure we as a company are happy, our clients are happy, and our distributors are happy.

I think of any document that I may type up as an owner, my code of conduct is probably the most important document.

Thank you for taking the time to read what we are all about as a company and we look forward to working with you in the future.

Best Wishes,

Katrina Eddy

Owner / Operator
