We are constantly evolving to improve people's self-esteem.

Our secret is to think of the smallest details so that the FGZ experience is perfect and incomparable!

# *dr.* THERAPY

Line of professional and therapeutic products that provide health and beauty from the scalp to the hair. Its formula has natural actives, essential oils and amino acids, which guarantee the necessary balance for a well-groomed and healthy hair. It also provides the restructuring of damaged fibers, restoring vitality, nutrition and shine to the hair.

## PROGRESSIVE BRUSH - ENZYMOTHERAPY dr. THERAPY – 1/

The first and only Enzymotherapy in Brazil. Our formula is enriched with a special enzyme, Blend of Noble Amino Acids, Silk Proteins, Collagen and Natural Oils (Ojon, Macadamia, Pracaxi, Copaiba, Sunflower, Jojoba, among others). High performance in all hair types.

### DIFERENTIALS

It has a special enzyme in its composition, which acts as a "catalyst" directly in the cortex of the hair fiber, providing organic and safe straightening. Average yield and final result above 20% of a common progressive.

### BENEFITS

- ✓ Volume reduction, sealing and hair straightening resulting in a superior final finish, with more shine and natural appearance of the hair.
- ✓ It advantageously replaces the acid brushes found on the market.
- ✓ Reduces hair volume and smooths hair without odors and smoke.
- ✓ Restores essential nutrients and amino acids.
- ✓ Provides healthy hair, with movement and shine

**\*This product is a constant object of scientific study in the largest universities in the country, in order to increasingly improve its quality, efficiency, safety and state-of-the-art technology.**

### *PROGRESSIVE BRUSH - ENZYMOTHERAPY dr. THERAPY – 1/*

#### MODE OF USE

- 1 - Diagnose hair to assess fiber type, condition, texture, color, wear, etc.
- 2 - Wash hair with Deep Cleaning Shampoo dr. Therapy, two to three times, until the hair is clean and free of residues;
- 3 - Dry with a dryer about 80%, aligning the wires;
- 4- Apply Scalp Protector Dr. Therapy on the entire scalp whenever you apply any type of chemical, to protect it from possible aggressions and allergies;
- 5 - Weighing about 60 grams of Treatment dr. Therapy (depending on hair length).
- 6 - With the help of a brush, apply the product half a centimeter from the root, strand by strand, passing the fine comb for better product distribution;
- 7 - Let it act for 50 minutes and rinse about 70% of the product;
- 8 - Remove excess water only with a towel and apply Botucatu Essential Use dr. Therapy before completely drying the hair;
- 9- Dry the hair completely with the dryer and brush aligning the wires;
- 10- Carefully flat iron the hair strand by strand, very thin, 7 to 10 times each strand with a flat iron at 200°C (392°F) to avoid damage to the hair. Finish the procedure as per your preference

**\*Do not use in excess, just moisten the hair with Treatment dr. Therapy, as its cutting-edge technology helps to save product.**

## *SHAMPOO - DEEP CLEANING dr. THERAPY – 1l*

Specially developed to promote deep cleaning of the HAIR CUTICLE. Used for oil control and hair preparation for the straightening process.

### *DIFFERENTIAL*

It is a shampoo with pH 6-7, without adding sodium chloride and free of paraben, gently opens the cuticles of the strands. Formulated with Collagen, Seed Protein, Menthol and Vitamin E.

### *BENEFÍCIOS*

- ✓ Cleanses hair and scalp gently; Effectively removes product residues;
- ✓ Purifies hair and scalp promoting prolonged cleansing sensation;
- ✓ Calming effect, refreshment and invigorating action;
- ✓ Antioxidant and anti-aging; Prepares hair for treatments: Treatment dr. Therapy and timelines of hair treatments.

## *BTX - LIFTING CAPILAR dr. THERAPY – 500g*

It is a 100% Therapeutic and Enzygotherapeutic Capillary Btx, because it has in its composition a special enzyme, which acts as a catalyst potentiating the results.

### DIFFERENTIALS

Its formula is enriched with Blend of Noble Amino Acids, Panthenol and Natural Oils (Ojon, Coconut, Grape Seed, Flaxseed, Jojoba, among others). Botox Hair Lifting Dr. Therapy presents high performance in all hair types and is a nano technological product.

### BENEFITS

- ✓ Intensive repair that aims to restore the amino acids and nutrients lost by the use of chemical processes or natural wear, restoring the hair fiber;
- ✓ Reduction of volume, sealing and hair straightening resulting in a superior final finish, with more shine and naturalness of the hair;
- ✓ Advantage over formaldehyde-based brushes, as it ensures excellent results without generating smell or smoke.
