Drive your business with a new remote Sales Channel!

ABOUT SM6Tech

Our company aims **at Empowering the frontline personnel of your Digital Enterprise through visual technologies** like Augmented/ Mixed Reality, Computer Vision etc. by combining it with IOT and Machine Learning.

We provide a suite of smart visual based solutions to meet the needs of your end to end processes along the value chain of your Enterprise.

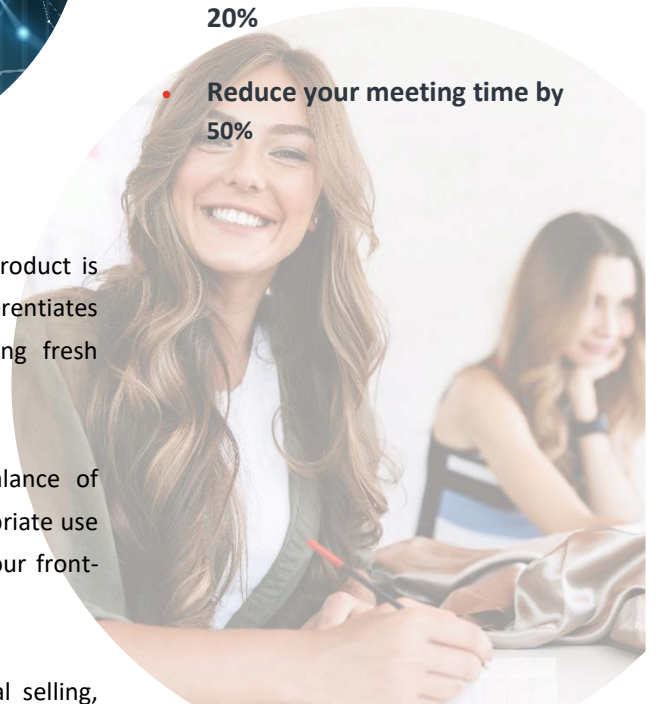

- **Empower your Frontline Personnel with a new remote sales channel**

- **Radically change your customer experience to help them take better informed decisions**

- **Shorten your sales cycle by 15-20%**

- **Reduce your meeting time by 50%**

A prospect who can visualize your product is already your customer. What differentiates sellers today is their ability to bring fresh experiences to customers.

Sales success comes from right balance of quality human interaction and appropriate use of supplementary tools to support your front-line sales personnel.

There is a clear move toward virtual selling, which has proven highly successful, upending traditional notions about the importance of face-to-face meetings.

Innovation distinguishes between the leaders and followers.

Harness the power of innovative technology solutions to convert sales complexity into a brutal competitive advantage

Our Digital Enterprise Augmented Reality solutions provides a new remote sales channel to your frontline sales team to bounce back in the new normal.

'**Don't find customers for your products, find products for your customers.'** - Seth Godin

Our self-service, innovative Digital Enterprise Augmented Reality Solution ensures that you promote customers the products or equipment's that interest them the most through interactive advertisements on their personal mobile devices. It helps your customers to quickly take more informed purchase decisions through visualization of products or equipment's key features at their premises, do their space planning and evaluate your product accessories etc.

Our easy to deploy secure, Zero Contact solution ensures a higher conversion rate and a shortened sales cycle.
