In his April 6th, 2019 letter to Goldie Ghamari, MPP, Jerry Kovacs recommended that the new French Language Elementary School be located at the old Rideau High School on St. Laurent Boulevard.

“This would be an excellent location for the new school”, Kovacs said. “Everything is already there. It’s in move-in condition”.

Kovacs said that it’s not only a perfect location for the new school, but that prior to the school board’s decision to close it almost two years ago, many local residents strongly voiced their views and concerns that the school remain open and serve the community.

“As your City Councillor”, Kovacs said, “it’s my job to listen to residents and advocate on their behalf for solutions and proposals that they support in their neighbourhoods and communities. That’s what I’m doing in writing this letter”.
