

*LRWA provides our water and wastewater utility members with the highest quality of leadership, representation and support services*

The Louisiana Rural Water Association (LRWA) is a nonprofit organization established in 1978 to assist small water and wastewater systems through training, onsite technical assistance and state operator certification. Our assistance is geared toward the operation and maintenance of water and wastewater systems and to assist them in understanding the rules and regulations of said operation. LRWA has a proven track record of providing the highest quality training technical assistance and information, products and services necessary for promoting public health and environmental protection.
