Shut-Off Valve, P/N FL-50046-008, is now available for low pressure Natural Gas and LPG Vapor applications. Similar to P/N FL-50046-001, the new part provides an in-line (straight-through) flow with a ¾” NPT female inlet and a ¾” NPT female outlet. P/N FL-50046-008 does not have a protruding side mount or boss, making it ideal for applications where interference may exist due to limited space.
