WHO WE ARE
Mi Casa Resource Center (MCRC) is committed to creating pathways to opportunity for low-income and underserved individuals. In 1976, seven mothers and one father living in West Denver founded what would become Mi Casa Resource Center. MCRC has grown to deliver programs that advance economic self-sufficiency for the entire family. As one of Denver’s largest and longest-standing Latino-led and serving organizations, we have earned community trust by providing culturally competent services grounded in community need.

Our Business and Career Pathways programs support economic growth. Career Pathways trains, supports, and connects low-income jobseekers to high-demand careers that meet their personal and professional needs. Business Pathways combines trainings, consulting, and wraparound services for underserved business owners and entrepreneurs at every stage. With MCRC’s support, participants gain the education and skills needed to generate income, move up career ladders, and build wealth through business ownership.
