About Us

Established in 1984 by Khalid J Bhatti, Shahi is a family owned business with over 40 years of experience in the Halal food business. We specialise in Pakistani, Indian and Bangladeshi Food and with this knowledge we have taken Shahi from a Frozen Food manufacturing business to a catering business.

The business has grown from strength to strength and now with the involvement of Khalid's son's Rizwan and Farhan, the business is growing to take on the challenges of a competitive catering environment.

Shahi covers the North-East of England from Newcastle Upon Tyne to anywhere within an hour's drive due to our belief in staying as local as possible and for food to be fresh and hot.

Shahi is one of the market leaders for catering firms within the North-East region due to being one of the first around, we have an excellent reputation for high quality catering at reasonable prices.

Due to this we have a large portfolio of local events ranging from local councils, universities and many local companies.

We also work alongside many charities especially within the North-East such as the One Ummah group and we have worked with national charities such as the Shahid Afridi Foundation.

We specialise in events such as weddings, mehndi's and parties and we are always looking to work with the client to provide them a service above and beyond their expectations.

We offer an extensive range of dishes from which you can choose for any occasion and we will make them to our taste or adapt them to suit your taste.

We also work alongside local businesses who offer services such as venue decorations, event management, music, photography and videoing alongside many others.
