

SOCIETY'S BEDROCK AI WORKFORCE™

Partnerships & Careers.

Invest in us. Sell with us. Grow with us.

societysbedrock.com | contact@societysbedrock.com

"Society's Bedrock is building the AI workforce that nonprofits, foundations, and communities have always needed but could never afford. Now they can."

SECTION 01

Who We Are & Why This Moment Matters

Society's Bedrock is building specialized AI Workforce members for nonprofits, foundations, and mission-driven organizations. Our three AI agents — Career Companion AI™, Community Connects AI™, and Volunteer Coordinator AI™ — provide capacity that understaffed organizations have always needed but could never afford to hire.

We are early-stage, growing fast, and opening three specific doors to people who want to be part of what we are building: early investors, strategic resellers, and individual referral partners.

If you believe the nonprofit sector deserves better tools — and that the people who build those tools deserve to be compensated for the risk they take early — this page is for you.

SECTION 02

SAFE Investment Track — Early Equity Partners

We are actively raising early-stage capital through Simple Agreements for Future Equity (SAFE) — the same instrument used by thousands of startups funded through Y Combinator. SAFEs are simple, fast, and founder-friendly.

This is how we are opening investment to our friends, family, trusted advisors, and aligned community members who believe in what Society's Bedrock is building before the rest of the world catches on.

What Is a SAFE?

A SAFE is not a loan. It is not debt. It is a legal agreement that converts your investment into equity when Society's Bedrock raises a future priced funding round. You take the early risk — and you are rewarded with ownership before valuations climb.

Why Invest Early?

- No debt or interest — your capital goes directly to growth, not payments
- Deferred valuation — we agree on terms now, valuation happens at the next round
- Early equity advantage — the earlier you invest, the more favorable your terms
- Mission-aligned — you are not just buying a stake, you are backing a movement

Who We Are Looking For

- Friends and family who believe in Anton Darrion and the Bedrock vision
- Community leaders and nonprofit executives who see the gap we are filling
- Angel investors and early-stage advisors who want a seat at the table
- Foundations and philanthropic organizations open to impact investing

Minimum Investment

We are accepting SAFE investments starting at \$5,000. Larger commitments (\$25,000+) include an advisory seat and early access to product roadmap reviews.

All SAFE agreements follow the standard Y Combinator Post-Money SAFE framework. We recommend all investors review YC's public SAFE documentation at ycombinator.com/documents and consult with their own legal counsel prior to signing. To request a SAFE packet: contact@societysbedrock.com

SECTION 03

Strategic Nonprofit & Foundation Partnerships

We are building long-term strategic partnerships with large nonprofits, community foundations, and philanthropic organizations who want to bring AI workforce capacity to the organizations they fund and serve.

This is not a vendor relationship. This is a co-investment in sector capacity. Strategic partners help us reach more organizations, validate our tools in real environments, and shape the product roadmap for the communities they know best.

Partnership Benefits

- Preferred pricing on AI workforce licensing for your portfolio organizations
- Co-branded deployment — present Bedrock AI tools under your foundation brand
- Early access to new AI agents before public release
- Joint impact reporting to demonstrate ROI to your board and donors

- Equity partnership options available for multi-year strategic commitments

Ideal Strategic Partners

- Community foundations with grantee networks of 25+ nonprofits
- National nonprofit capacity-building organizations
- Workforce development foundations focused on nonprofit talent pipelines
- Impact investors and social venture funds aligned with our mission

If your foundation funds nonprofits — we are the capacity tool your grantees are missing. Reach out: contact@societysbedrock.com

SECTION 04

Reseller & Channel Partner Track — Sell the AI Workforce

Do you have a B2B network, a consulting practice, or existing relationships with nonprofit leaders? We are building a reseller network of partners who introduce, sell, and support Society's Bedrock AI Workforce tools inside their existing client base.

You close the relationship. We handle the deployment, technical support, and product updates. You earn recurring commissions for every active license in your network.

Commission Structure

- 20% recurring monthly commission on every active AI agent license you bring in
- 25% commission on annual contracts paid upfront
- Bonus tier: \$500 per new nonprofit client above 10 active accounts per quarter
- White-label option available for agencies who want to present under their own brand

What We Provide to Every Reseller

- Complete sales enablement kit — pitch decks, one-pagers, demo scripts
- Co-selling support — we will join calls with you to close enterprise accounts
- Dedicated partner portal with real-time commission tracking
- Quarterly partner training and product update sessions

Ideal Reseller Profile

- Nonprofit consultants, coaches, and capacity-building organizations
- HR and workforce development firms serving mission-driven clients
- Technology implementation consultants with nonprofit client bases
- Community leaders with trusted relationships inside the nonprofit sector

You do not need a tech background. You need relationships. We built the tools — you bring the trust.

SECTION 05

Individual Referral Program — Earn by Spreading the Word

You do not have to be a reseller to earn with Society's Bedrock. Our individual referral program rewards anyone who sends us a client who becomes a paying customer.

Referral Bonus Tiers

- \$150 bonus — individual nonprofit or small organization (under 10 staff)
- \$300 bonus — mid-size nonprofit (\$500K–\$2M annual budget)
- \$750 bonus — large nonprofit or foundation (\$2M+ annual budget)
- \$1,500 bonus — enterprise or multi-site organization

Referral bonuses are paid within 30 days of the referred client completing their first full billing cycle. No cap on how many referrals you can submit.

To register a referral or get your unique referral link: contact@societysbedrock.com

SECTION 06

Careers — Join the Team Building It

Society's Bedrock is growing. We look for people who find us because they believe in what we are building — and want to be part of it before it is obvious.

Areas We Are Building In

- Nonprofit sector sales and client success
- AI product development and prompt engineering
- Community outreach and partnership development
- Marketing, content, and brand storytelling
- Operations and administrative systems

How to Apply

Send a short note telling us who you are, what you care about, and how you think you can contribute to what we are building.

Email: contact@societysbedrock.com | We read every message. We will respond.
