A Message for Students

The first step to becoming a successful dancer is making a solid commitment to your classes. Strong technique is a key ingredient and class is where you develop that technique. Come to each class prepared to learn and without personal distractions.

Class time is your chance to focus on yourself, so try to leave your concerns or worries at the studio door. True progress is made when you look at each class as an opportunity to become better at what you love to do. Dance full-out, stretch a little farther, become more aware of your technique, and make the most of every class. Our studio is a safe place for you to be yourself.

Respect for the teachers is essential. Listen to each correction given, whether it's directed at you or another dancer. A correction is an honour; it shows you how much a teacher cares about your progress.

Nothing can stop those students who apply themselves in every class and appreciate their teachers' knowledge and experience.

A Message for Parents

We believe that children's success depends on the support of their parents or guardians. Our programs rely on a positive atmosphere and educational experience for our students and their parents. Cooperation between all parents is expected.

Showing respect—for other parents, the students, and our staff — makes an important impression on the children. You are a role model for your child on how to interact with others in a professional setting.

Some parents may compare their child's progress or class placement to another child's. Watch for this behaviour in your children as well and encourage them to focus instead on their own accomplishments. Looking to other students for inspiration is good; however, making negative comparisons distracts children from focusing on becoming stronger dancers.

Your child's attendance at all classes is imperative. The spirit of teamwork and the lesson of dedication are a big part of our studio's education process.

Parents and teachers may look at a child's learning from different perspectives. However, we believe they share a common goal: to ensure that every child receives the best possible training, both physically and mentally. Mutual respect among our staff and our students' parents provides the children with the ultimate care and education.

Our Philosophy

With a focus on fun, technique, versatility and excellence, Melissa's Dance Studio and our team of fully qualified staff are committed to creating a safe and nurturing environment where students are encouraged to work hard and develop a love of the performing arts.

We believe that dance training encourages young people to develop a positive self-image. Along with improving coordination skills and developing muscular awareness, dance classes give children the freedom to express themselves through movement whilst learning valuable lessons about respect, commitment, discipline and team work.

The highest educational standards are expected from all MDS staff members. They are lifelong learners who continue to educate themselves through certification programs, teacher-training schools, conferences, online courses and other learning opportunities.

At MDS, our classes are designed to stimulate the enjoyment of dance while laying an important foundation for further training. As the student advances, the variety and intensity of the class work increases. Optional exams in ballet, tap and jazz give students markers of their progress and can lead to internationally-recognised qualifications.

Meet our Director

MELISSA BROWN

In 2001, Melissa embarked on an exciting journey by starting her own dance studio, MDS. Fuelled by her passion for teaching, she began with a small group of 80 students who shared her love for dance. Little did she know that her dedication and unique teaching style would quickly make MDS a hotspot for aspiring dancers in Griffith.

Within just two years, MDS saw tremendous growth, with the number of students soaring to an impressive 200. It was evident that Melissa's approach to teaching brought a breath of fresh air to the local dance community. Her commitment to staying ahead of the game led her to pursue further education, obtaining a Cert IV in Dance Teaching and Management at the Australian Dance Institute.

As a member of the Australian Teachers of Dancing (ATOD), Melissa's students have thrived in competitions and exams, showcasing the exceptional training they receive at MDS. Many have even gone on to train with renowned dance companies like Raw Dance Company, Transit Dance Origins Program, and the prestigious Brent St. Moreover, Melissa takes great pride in the fact that her students have also pursued their passion by studying Cert IV Dance Teaching themselves, a testament to her effectiveness as an instructor.

One of Melissa's notable achievements is being the teacher of the popular preschool dance program Ready Set Dance. Her outstanding dedication and teaching expertise led to MDS winning the Studio Growth award in 2019 and the Magical Moments award in 2023.

Melissa has been deeply involved in charity and community work. By organizing and participating in local charity events such as Dancing With Our Stars and Dance for Cancer, Melissa and her students, together with other community members over the years, have raised hundreds of thousands of dollars for the local community.

However, what truly sets Melissa apart is her commitment to creating a strong sense of community and family within MDS. She firmly believes that every child should have the chance to dance and grow. At MDS, children are provided with a safe and nurturing environment in which they can learn, express themselves, and develop their dance skills.

At the Barre Griffith is yet another passion Melissa has brought to life, bringing the first Barre Pilates studio to Griffith. With the success of these adult fitness classes, Melissa has embarked on furthering her education in the Pilates field, and is now a fully qualified Pilates instructor.

Melissa's journey with MDS is an inspiring one. Her passion for teaching, dedication to her own education, and the sense of community she has fostered at her dance studio have undoubtedly set her apart within the Griffith dance industry over the last 23 years. With Melissa at the helm, MDS continues to provide aspiring dancers with the opportunity to flourish and shine.

	<p>A music and movement class for toddlers and their grownup. Engage, Explore and Express with your toddler in a 45 minute class full of fun and learning.</p>

Class Placement & Ages

You can read the chart below to help you decide which class or classes your child is best suited in. We feel it is important that children dance in the same age group as their friends and that they continue to progress together. This gives the student a sense of familiarity and keeps dance fun for them.

In some cases however, students may be placed in classes outside their age group. Decisions about class placement are based on the best interests of the student and the Director's decision is final. We do not feel a child should be placed in a particular group or class where it may have negative effect on self-esteem. Some students who are placed in a higher level can become discouraged, only to lose their passion for dance. Others respond to the challenge of being in a class with students who are more proficient by pushing themselves to work harder. We closely monitor all of our students as they progress throughout the year.

Class Schedule

Our timetable has been designed so students can participate in multiple classes on the same day/afternoon.

In the table opposite, you can read more about how we categorise our classes and which types of classes might be suitable for your dancer.

Use these categories in association with our class placement guide on the previous page to select your classes on our timetable.

If you have any questions about class selection and timetabling, please email enquire@mds4dance.com

Please note timetable is subject to change dependent on class numbers.

RECREATION MAINSTREAM

Our RECREATION MAINSTREAM dancers love learning to dance in a fun environment with a few performance opportunities like our mid-year and end of year concerts. Students who take any of our non-exam classes are categorised as RECREATION MAINSTREAM.

EXAM STREAM

EXAM students are looking for the extra challenge preparing for a ballet exam can provide. Students who take a ballet exam class are categorised as Exam students. All of our ballet classes are exam classes in 2024. It is your decision however if you'd like your child to take these exams. You will be given plenty of time to decide.

PRESCHOOL STREAM

Members of our PRESCHOOL STREAM are aged between 2-5 years old and aren't at school yet. All our preschool classes are part of the Ready Set Dance program.

FITNESS STREAM

Our fitness stream is for dancers who want to build some extra strength and flexibility. These classes are aimed at, but not limited to, our competition stream students and exam stream students. These classes draw on Pilates and the esteemed Progressing Ballet Technique.

Exams

Ballet Exams are optional for Recreation Mainstream students and compulsory for ballet, lyrical and contemporary competition teams and soloists. However, we do strongly encourage participation for interested students. MDS follows the Australian Teachers of Dancing (ATOD) system of training, which is internationally renowned as one of the best progressive ballet systems. MDS has consistent high marks across all grades with ATOD.

Not only do exams give students a goal to work towards in class, they also give an immense sense of achievement to the student and lead to professional qualifications recognised worldwide.

All of our ballet classes in 2024 are exam classes, however it is up to you whether you would like your child to take the exam. You will receive plenty of notice and guidance to make a decision about this.

There is an exam fee which will be issued well in advance of the exam taking place. A separate exam uniform is also required to be purchased.

As soon as exam dates are confirmed with us, students will be notified, but we try to aim around mid-August each year for them to take place.

Annual Concert

Our annual concerts are the culmination of each year and gives all students the opportunity to perform on stage in a professionally-equipped theatre. We hold two separate concerts - one for our preschoolers and two for our Mainstream students.

Our 2024 Preschool Concert will be held at the Griffith Regional Theatre approx 24th November. Our Mainstream Concert will be approx 29th & 30th November.

There are necessary costs involved in the production such as costume fees and these are advised in a timely manner.

MDS is reknowned for putting on a professional production each year. It is always a fun and stress free experience for all involved.

Our timeline of our concert preparation is as follows:

Mid-End Term 2: Costume Deposit invoices are sent out and direct debits will be drawn on 1st July. This is deposit is non refundable, however you will be given ample notice to opt in or out of the concert.

Term 3 Commencement: Students begin learning their concert routines

Mid Term 3: Remaining costume costs are invoiced and date set for direct debits to be withdrawn.

Term 4 Commencement: You will receive your concert guide which includes details of ticket sales, rehearsal and concert performances.

Mid Term 4: Concert Package invoices sent out and direct debits scheduled to be drawn. This is to purchase you concert t-shirt and video footage of our performances and is compulsory.

Week before concert: Rehearsal takes place.

Costumes

At MDS we believe your costume is just as important as your performance! As such, we take great pride and care in selecting costumes that are not only appropriate for the routine but also ones that will stand out on stage and are flattering and age-appropriate for our students.

We source our costumes from a number of manufacturers both locally and overseas and don't believe it's in anyone's interest to scrimp on quality. We endeavour to keep our costume costs down, however costs do fluctuate from year to year due to influences beyond our control such as shipping, postage and handling.

The only other thing left to purchase for your costumes is stockings, which will be advised with plenty of notice for you to purchase through our dance wear store online.

FAQ

Can I do a trial before I enrol?

Absolutely yes! However for legal and safety reasons anyone participating in a trial class must still enrol online so we have all your child's important information readily available to us if we need to contact you. New students to MDS are welcome to trial as many classes as they like for 7 days for free. Please make a note on registration that you are trialling your chosen classes for a week. *(PN, this is open to new students only)*

Can parents and siblings watch class?

We don't allow anyone other than students in the studio during classes however we do have class viewing weeks at the end of Terms 1 & 3 and a mid year performance at the end of Term 2.

How do I keep up to date with all the studio happenings?

We send out newsletters via email every 2-4 weeks. We won't bombard you, we will only send out a newsletter when needed.

We also have a closed MDS Family Facebook group which will be up and running from mid January 2024.

We also have our studio social media accounts on Facebook and Instagram and love it when our parents & students tag us so we can share in your child's dance journey with us.

Does MDS offer 'boys only' classes?

All of our classes are choreographed for boys and girls. If your son is concerned about dancing in a female dominated class, send him along with a friend. Our preschool program uses gender neutral music, and we take great care in selection of class choreography and music wherever boys are enrolled.

Can I do a makeup class if I am absent?

Yes. Find a similar class on the timetable and let the director know that you will be attending. Make up classes can be taken for missed classes due to illness, travel or personal reasons. Missed classes may be made up within the current term only. Refunds and credits will not be given if your child misses a class and doesn't attend a make up.

What if my child doesn't like a class?

We offer a money back guarantee on all weekly classes within the first week. **See p29 for our refund policy.** It is important to know that at times young children will explore the limits of attending class and say they don't want to go. This period may occur anytime but is usually short-lived. Some ideas that might help you handle the situation: emphasise what the child is doing at the dance class rather than what you do while they are in class; avoid long good-byes; expect the tears and know that usually they are for the parent's benefit.

Do timetables stay the same for the entire year?

Timetable may be subject to change depending on registrations. In the lead up to our concert some classes may be combined.

Are children supervised between classes?

Yes but MDS accepts no responsibility for students outside their class times. Students must be collected promptly from studio door or waiting room.

Is there parking available?

Yes but we ask all parents to remember we are sharing our carpark with a number of other businesses. Please drive safely and ensure you are not blocking any driveways, roller door or entrances to our neighbours. The only allocated parking area for MDS is out the front in the carpark. Do not park on the sides of the building due to entry and walk ways for students.
