SERVICES PROVIDED

All services are available with rapid response and at a reasonable price:

Treatment Services

24-Hour First Aid Response: Highly trained EMT Professional drives to your jobsite to assess and treat non-life-threatening injuries. Injured worker is sent to a designated health care provider for further treatment, if necessary.

Screening Services

Breath Alcohol Test: Testing for pre-employment, post-accident, reasonable cause, or random selections. DOT or Non-DOT test used to detect the presence of alcohol in the blood (BAC).

COVID-19 Testing Rapid (Antigen): Test intended for employees with onset symptoms of COVID-19. Test is used to detect the protein that is found in COVID-19. Technician will administer test using a nasal swab and have results within 10 minutes. If positive, the test will be sent out to a lab for further analysis.

COVID-19 Testing Polymerase Chain Reaction (PCR): Technician will administer test using a nasal swab and send out specimen to lab for testing. Results available within 24-48 hours.

Immediate Results Drug Testing: 5-panel or 10-panel urine collection and analysis done on site with results available within 15 minutes.

Standard Drug Testing: Testing for pre-employment, post-accident, reasonable cause, or random selections. DOT and Non-DOT urine collections and private panels using customer's forms and lab or Mobile Care Solutions forms, lab, and MRO. Can include Breath Alcohol Test.

Non-Contact Thermometer Screenings: Employees are temperature screened prior to entering the workplace using a no-contact thermometer. MCS technician assigned to workplace for a predetermined amount of time.

Professional EPA Approved Covid Disinfection: A skilled technician, wearing full PPE, will fog the infected workplace using EPA approved disinfectants. The fog will sit for a minimum of 15 minutes, with additional emphasis placed on high traffic touch surfaces.

Respiratory Services: Medical clearance for employees who are required to wear a respirator. Includes Pulmonary Function test and fit testing for respirator.

Preventive Services

CPR and First Aid Training: American Red Cross accredited instructors and training program. Available classes include: Adult only or Adult/Child/Infant.
