5. Men sometimes do, they know not what
 But God he never does.
 For all is subject to his will.
 He knows what is and was.
6. So precious in the eyes of God
 By understanding found
 Is fear of God, by wisdom known
 The truly sacred ground.
7. For God he knows the way therof
 And God, he knows the place.
 And those who truly know his name
 In wisdom fear his face.
