3D Arcade Table

Features of the 3D Arcade Table

- The 3D Arcade Table generates objects out of light that appear to float in front of players in mid-air
- To add to the experience, the interior floor vibrates with music and game sound effects
- Every arcade gaming machine comes with a set of 4 games
- Over 12 games to choose from - fighting to luck-based games
- Single or dual user options

Available Gaming Options
