Company Overview

Humanistic Care, LLC is a mission-driven consulting firm specializing in program evaluation, social impact assessments, and data-driven accountability frameworks for social and human service organizations. Our approach integrates innovative methodologies—such as the **Progressive Outcomes Scale Logic Model (POSLM)**—to enhance the effectiveness and accountability of federally funded welfare programs. We help organizations **shift from a volume-based service model to a value-based framework** that measures real progress in financial self-sufficiency and social impact.
