## **LIVE WEBINAR TRAINING**

# **FINGERPRINT TESTIMONY - THE DIFFICULT QUESTIONS**

**Check website for current schedule of sessions**

*"Uniqueness hasn't been proven, right? What exactly is an identification? How much is enough?"*

*"How do we know you're right, haven't examiners been wrong? Why don't your SOPs follow standards?"*

This webinar aims to address some of the "nightmare" questions friction ridge examiners worry about and discuss options for how to handle them. We'll go over how much is enough, how a conclusion is reached, levels of documentation, standards & SOPs, and more. The goal is to provide attendees with a broader understanding of where these questions come from and why the industry recommends certain answers, so attendees don't feel they are regurgitating what they were told to say.

*IAI approved for 4hrs of latent print & tenprint certification & recertification training credit (3hrs of live webinar lecture & a 1hr offline activity to be completed at any time after webinar)*

with Instructor  
Brianne Breedlove
