

East Orford\Davistown in Newspapers

Compiled by Art Pease, 11\2019

There were many years when there were no separate East Orford entries and almost no separate ones by 1940. Orford, Orfordville, East Piermont and Atwell Hill have items concerning East Orford folks and I have included them as appropriate. The communities of East Orford and Atwell Hill [Wentworth] were particularly close, both in geography and social\family interaction. Folks in East Orford who attended church did so on Atwell Hill, at the Baptist Church, where I attended until about 1960 and where some East Orford folks still attend.

Only the Opinion and Gazette covered Orford for more than two-three decades. The Courier is still in business but stopped covering Orford in April, 1925.

Sometimes the entries labeled 'East Orford' are from west of Mt. Cube but I only include those entries east of the end of the mountain unless they are labeled 'East Orford.'

A large tree was loaded to its utmost capacity, yet unable to receive all the gifts, at its base small trees made attractive for the children, added greatly to their joy. *Note: This sounds much like the Christmas celebrations Ma describes when she was a child on Atwell Hill. There was no celebration at home, just the communal one at the church or school.*

His remains were deposited in the cemetery near by beside of his ancestors. Words fail to express to shock received by Mr. Savage's family, neighbors, and the people of the surrounding districts, New Year's day, by the dispatch that Thomas Savage had passed suddenly away at Warren. Although in poor health, yet he was not looked upon as one who might thus be summoned. He was born in East Orford and was 45 years of age. At the death of his father he took up his work in caring for the family. An active business man, genial in manners with but few if any enemies. Christmas eve he was present with his family and assisted in plucking the fruit from the tree. He leaves a widow and six children, besides an aged mother, who have the deepest sympathy of the entire community.

- Walter Horton of Orfordville is passing a few weeks in his cottage at Baker's pond.

- Mr. Van Saltza and family from New York are camping in tents at the upper end of Baker's pond.

- Great care is being taken to build up around and make Baker's pond interesting. There were several cottages built last summer and this and more are expected to be put up next season. There is plenty of amusement for anyone who visits the pond as the boys of Camp Moosilauke have a baseball game, tennis, or basket ball game every afternoon. One can see several boats distributed over the water, but there are plenty more to let on the shore. Quite frequently we see a sail boat skipping along among the rest. Z. Smith of Warren has a cottage here that he will let if anyone desires it.

Note: This is the first dateline from Camp Moosilauke. 1904 was the first year the camp was in operation - and it is still going! There is a late August entry for Rev. Prettiman, preaching his last Sunday at Atwell Hill church. He may be one of or related to the Camo Moosilauke founders, who were Prettymans.

- Alanson Haines

The following in relation to a former New Hampshire man is taken from the Laramie, Wyoming, Daily Republican of Feb. 6. Mr. Haines was, until his removal to the West, a resident of Wentworth, also in his younger days, of Orford.

"Alanson Haines, without doubt the oldest man in Albany county and among the eldest in the state, died at his home this afternoon. He had been confined to his home for two weeks and for the past week to bed. The end came peacefully, Mr. Haines having been in a state of coma for several hours preceding the final dissolution. Mr. Haines was born in New Hampshire June 21, 1812, and came to Laramie with his wife and son, Alanson L. Haines, in 1882, he having been a resident of the city since then. His wife, Hannah T. Haines, died November 28, 1882, shortly after coming to this city. His son, Alanson, died Feb. 16, 1887, and his son's wife, Harriet P. Haines, died June 4, 1904. They are all buried in the cemetery here. Mr. Haines was a man with the keenest sense of honor and the strictest integrity; remarkable for these as well as for his wonderful vitality. He has been a faithful, honorable citizen, at all times ready to do the best he knew how. Mr. Haines is perhaps the last of the Haines family. He had brothers and sisters, but they have all gone ahead of him, leaving him alone of a not very large family. He belonged to no church or secret society, but his Bible was his constant companion, its well thumbed pages indicating the trust he placed in its sacred words."

Note: This is the man from whom great-grandfather Luther Perry Sherburn bought the Sherburn\Pease farm in East Orford in 1966. I think he lived in Wentworth after that until he moved to Wyoming.

- Old and young made happy, horses made to tremble and horrified at the new mode of conveyance. Wednesday Aug. 9th. was a red letter day for Atwell Hill. E.C. Chase, M.D., wife and youngest son Bernard, their eldest and his bride of Orford, climbed the Hill from Brown's mill as well as other steep hills with a Knox automobile lately purchased by the senior Dr., and run by the junior Dr. The honored guests, also Mr. and Mrs. Henry Chase partook a nicely served dinner at the home of Mrs. J.L. Ramsey who is a sister of Mrs. E.C. Chase. All their relatives were treated to a ride in the first auto ever on the hill. Widow Abby True, 81 years old who lives in the same room she has occupied since the age of 15 when married to E.G. True, enjoyed a ride in the horseless vehicle. Atwell Hill is much indebted to Dr. E.C. Chase for her present luxuries, as he put in the first private telephone between Henry Chase and son, also the peoples' line from Fairlee to Wentworth was largely due to his instrumentality connecting us to the outside world. At an early hour in the afternoon the honored guests returned to East Orford to witness a ball game and hill people returned to their game of haying.
Note: I wonder if there are photos of Dr. Chase and his Knox. I bet the ball game took place at Camp Moosilauke, as that is the only place I can think of with a ball field, then or now.

LIFE IN SUMMER CAMP.

How City Boys Find Pleasure in the Town of Orford.

In the eastern part of Orford on the shore of Baker's pond is a summer camp of growing reputation. Nearly the whole surrounding area or 300 acres of land were purchased by Prof. Virgil Prettyman, principal of the Horace Mann school, allied with Columbia university of New York. The pond, containing about a square mile, is nearly surrounded by heavily wooded hills and mountains, and is ten miles from the railroad on the Connecticut river.

Here Professor Prettyman has erected suitable structures for carrying on a valuable educational work for the city youths.

The camp is fitted out with a men's hall, containing rooms for eating, reading and recreation on stormy days; fireplace, library and piano. This building is situated on the hill side, almost concealed by the lofty and thickly leaved trees, while at a little distance are the "boxes" or well ventilated huts for sleeping, each one containing ample room for cots to accommodate a master and eight or ten boys. The boat house by the pond is a large two-story building, with a workshop in the second floor. Here boats and canoes are to be had, some of which are made by the campers under the direction of a practical wood-worker, who gives instructions in carpentry.

A former member of the United States Commission of Forestry gives instruction in forestry with the aid of the varied types of trees found in the surrounding country. Metallurgy is also taught, as well as the arts and crafts for which excellent opportunity is afforded.

A typical camp day is reveille at 6.45, followed by setting-up exercises and a hasty run to the pond in nature's apparel for a morning dip, which serves thoroughly to awaken the boys. This causes some grumbling on the part of the tenderfoot, especially on a cold morning or in a drizzling rain, but when the breakfast call at 7.30 is heard the stimulated appetites are appeased by the cook with a meal that satisfies and makes the morning ordeal a thing of the past.

Each boy has his share of cleaning up to do, followed by inspection of camp by the professor. The ambitious or deficient students may devote the morning hours to study if they wish, or such other occupations as appeal to them. But at 11 o'clock all assemble at the boat house, and indulge in the daily swimming exercise. The novices are taught by a swimming master, while the more skilled are the admiration of the learners.

At 2 o'clock the athletic field with its attractions of diamond, tennis courts and gridiron furnishes amusement and recreation under the supervision of an athletic master. Baseball has been the prominent game with the public. Only one game out of eleven with the neighboring teams has thus far been lost. It is in practice games between masters and boys that the latter pay back for various fancied wrongs, especially if they are able to sufficiently bribe the umpire. However, the wrongs are only fancied, for the masters are not tyrants, but graduates from several colleges selected because of their influence over and ability to handle boys in the right way.

Again the boys are "in the swim" except those who have been "soaked out of the water" for some infringement of the few camp rules. But discipline is not severe. In the years of camping not a boy has been sent home.

Supper is served at 6 o'clock and the boys scatter over the lake as they will until darkness, when they gather around the campfire, where take place story telling and singing with banjos, mandolins and guitar accompaniment. At 9 o'clock tatters start the boys to bed and fifteen minutes later taps sound and the camp drops to sleep.

Besides the variety afforded in camp the tramps about the country are a long remembered experience. Parties are constantly on the go. It may be with grip sack to the overlooking Mount Cube where single nights are spent, or on a ten days' tour through the White mountains. After a day of chaffed shoulder's, sore feet and weary body, he spreads his blankets upon a balsam bed and eats his bacon and drinks from a tin cup the coffee, all prepared by himself.

While on the longer trips deserted barns are occupied when possible, and if not, shacks are built of available material. The bill of fare, coffee, bacon and oatmeal is varied, according to the stock and proximity of the country store. An occasional meal at a hotel will be remembered by the hard-worked waiters. The boy accustomed to the idleness and luxury of a New York home is somewhat surprised at camp experience.

Nearly seventy, including college students, are in the Moolaulakee camp and they enjoy it so much that two-thirds of them return a second or third year.

One of the most interesting games of base-ball ever played on the home grounds took place last Saturday between a team from Camp Moosilauke and the Pike Club. The visitors brought along a very strong aggregation and put up a fine article of ball.

The features of the game were the all around playing of Fauver, and the remarkable catch by W. Rahell, for the visitors, and for the Home Team, the batting of Bryant, and the all around playing of Morrill, including a fast double play, which finished the game.

The rooting of Supt. Clark for the visitors was very evident. A return game is expected and it is hoped he will be on hand, to root for the winning side.

- Mr. M.J. Brines, a noted solo singer of Chicago, Ill., will sing at the Wentworth church next Sunday forenoon, assisted by a quartette from Camp Pemigewasset, where he is to be a guest for several weeks. At the conclusion of the visit Mr. Brines is to tour the country with a celebrated quartette during the next three months. Dr. Reed of the camp says he is one of the finest singers to whom he ever listened, and that he will give Wentworth people a rare treat. All are cordially invited. [*I'm not certain of the date here but given the entry in "Camp Pemi History", it must have been 1914. "Because of the temporary presence of an extraordinary entertainer, one who could easily have made a professional success, named "Moe" Brines, an event took place this summer which may have had no exact parallel in Pemi history – the concert in and for the village of Wentworth called the Concert of the Pemigewasset Music Club. This must have been arranged by Doc Reed, always the presiding musical genius of camp. The musicians were transported to Wentworth and back in the "new six cylinder Packard bought by camp". Avery Claflin (later a banker in New York and a fine piano and tennis player) played the piano. Moe Brines and Doc Reed's wife (a professional singer and possessor of a lovely soprano voice) sang some duets. Moe sang solos also, and gave presentations, probably including the hilarious rendition of the "Charge of the Light Brigade" as told by a veteran of that battle with one wooden arm, complete with side-splitting gestures. The author remembers this rendition (though from a later year and another visit by Moe) as one of the high points of his youthful attendance at Pemi dramatic efforts."*]

- Teacher's Institute

The Teacher's Institute held at the town hall, Wentworth, on Friday last was a success from start to finish. There was a large delegation from the various towns of the county. From a rough estimate, I should judge that there were eighty or more teachers. About sixty partook of the dinner prepared by the Ladies' Aid of the church. There was a great disappointment in not seeing more interest taken by the residents and especially the parents of the children attending our schools.

The members of the schoolboard were conspicuously absent. Mr. Henry Pease, a member of the schoolboard of Orford, was present. The writer was not cognizant of any others.

When the state superintendent prepares such a valuable program and brings it to our community and when such a meeting has not been held to the remembrance of most of us, there should have been a general turning out to at least part of the exercises. . . .

Talking with Howard [@ Pease gathering @ Remington's Restaurant on 1\30\15]

•*In 1920\21, Dad had Abbie Pease, wife of Henry H., as a teacher and Dad had the job of starting the fire in the schoolroom every morning. The problem was, just when it got going well and heating the whole room [Dad sat in the back, farthest from the stove], the teacher would turn the damper so as to cut down the heat. So, at some point, Dad took the damper out, so she couldn't turn down the heat. [It seems that if the whole damper was just taken out, it would be too obvious. Perhaps he took apart the stovepipe, took the actual damper off the rod that held it, and then replaced the rod in the pipe. That way, it would not be obvious that the damper flapper was not being turned to shut off the heat.] It seems to me that any woman of that era would have soon realized that something was wrong but perhaps Dad had a few warm days! A good story, nevertheless, and we're sticking to it. :-)*

•The directors of Pemigewasset property established a boy's camp at Baker's pond eleven years ago. The enterprise was not designed to entertain the public, but despite this fact more than

seventy-five guests were accommodated this season because of their inability to secure lodgings elsewhere. This item alone shows the great demand for more commodious public houses in Wentworth. The largest hotel in town closed by reason of the illness of the proprietor. It is hoped that Mrs. Burnham will soon regain her usual health and the long talked of improvements be installed in the Burnham House, which has been under her popular management for nearly a quarter of a century. When these contemplated enlargements are completed The Queen of the Valley will have ample accommodation for summer visitors and the traveling public. The directors of the camp have made large additions and improvements in their property the present season, thereby making possible the most prosperous summer in their history. As usual the directors have given much encouragement and sympathy to the enterprise of the town. Dr. Reed, assisted by a quartet of fine male voices, occasionally furnished music Sunday morning in the church, which was much appreciated. On the evening of August 22, the camp directors, assisted by a bunch of up-to-date boys, gave a high-class concert in the town hall to more than 200 pleased listeners. The concert netted a sizeable sum to the Ladies' Aid and special thanks were extended to the artists.

VERNON McINTIRE

It was with sad hearts that the people of Wentworth learned of the passing away at his home of 'Vern' McIntire after a short illness from pneumonia. He was born in Jefferson in 1885 and has been a railroad man for about 12 years. He was married Oct. 28, 1911, to Edna Grace Pease, daughter of Mr. and Mrs. Francis Pease of East Orford, and has since made his home in Wentworth. He leaves to mourn their loss a wife and two children, Roger six years and Ruth four years; a brother, Erwin McIntire of Concord; a step-father, Roswell Yates; a half sister and brother, Erma and Earnest Yates of Rumney, besides many friends. Funeral services were held at his late home Tuesday morning Oct. 8, conducted by Rev. F.C. Bradeen who spoke comforting words. Singing of two sweet selections by Mrs. Elmer Brown and Mrs. Ralph Gove. Burial was at East Orford as he expressed the wish not long ago to be taken there for his last resting place. And so they took him back to the old home he loved so well where he now lies at rest waiting for the dear ones to join him. 'Gathering home one by one.' In the passing of 'Vern' McIntire Wentworth has lost a kind citizen and true friend. Ernest Nichols in charge.

CARD OF THANKS

We sincerely thank all who so kindly assisted us during the illness and passing away of our dear one; and especially the village friends for their kind thought which came like a sunbeam to brighten our saddened home. Also for the beautiful flowers and letters of sympathy. All this loving kindness which surrounded us at this sad time will long remain a cherished memory.

•Saturday forenoon Dr. Fauver was coming down cemetery hill when the rear axle of his Ford car broke and the machine was beyond human control owing to the brakes not holding with the broken axle. There were six people in the machine at the time of the accident and those who saw it claim the outfit was going at terrific speed, but owing to the Doctor's presence of mind it was directed straight down the hill and across the square at the foot of the hill across the main road and into a field in the rear of Harry Whitcher's residence, side-swiping a tree which somewhat checked the velocity of the car which later stopped just over the brow of a hill, standing at forty-five degrees on the front end quite badly wrecked. The six passengers were thrown out as the car stood on end, but miraculously escaped serious injury aside from a general shaking up. One lady was slightly cut on her breast by glass from the wind shield and the Doctor had to carry his left arm in a sling for a few days. The wrecked machine was put on skids and towed to Rowell's garage where it is undergoing repairs.

- The ball game on our Common last Saturday afternoon between our team and the one from Camp Moosilauke resulted in a 5 to 4 score in our favor. Congratulations, fellows, now that you have your eye on the ball, keep on soaking it, and that is one of the very best scoring dopes there is. Camp Pemigewassett (gosh, what a name) on lower Baker's Pond is to be invaded by our bunch next Saturday afternoon. If you don't choke trying to spell or pronounce the name, we expect you to bring home the bacon. While on this ball game subject, we wish to say that it is a shame the lack of support, both moral and financial you are receiving. We have a perfectly good team composed of our own boys, who should receive our encouragement. •Warren S. Chase

Warren S. Chase, second son of John B. and Annie F. Chase, was born Sept. 21. 1878, in Orford and passed away at his home in Orford after a brief illness Nov. 17.

He was educated and raised in the town of his birth, and except for short periods of work elsewhere, spent his entire life in Orford. He was united in marriage Jan. 11, 1902, to Miss Edith M. Simpson of Pike. To this union were born four sons, Guy, Rufus, Maurice and Stanley, and one daughter, Marion.

He was caretaker of the Moosilauke Camp for more than 50 years and built that camp and Camp Pemigewasset. He was surveyor for Dartmouth College for the past ten years, and for the City Lumber Co. of Woodsville. He had just finished a surveying job for Dartmouth Ravine Camp about a month ago. *[I think "surveyor" means either determining how much standing timber was in a particular plot or measuring timber and lumber to determine the board feet in a log or pile of sawn lumber.]*

He was well known as a good neighbor and a kind friend to all who knew him.

Funeral services were held Saturday, Nov. 19, at the Swan Funeral parlors in Haverhill. Many friends and relatives came to pay their last respects to this man who can well be termed a "landmark" of Orford. Floral tributes were beautiful and profuse. Rev. Marshall Stephenson of Wentworth officiated.

Mr. Chase is survived by his wife, Edith Chase; four sons, Guy Chase of Manchester, Rufus, Maurice and Stanley Chase, all of Orford, and Marion Chase, of Concord, N.H.

[In Glenn Pease's 1949 Diary: "11\17, Warren Chase died this morn. 11\18, Started a grave for Warren p.m. 11\19, Finished grave. Went to funeral with Bill [Crosby]."

[I now can offer some information since you are catching up with my age.

As you know, Mom and Dad Miller got involved with Moosilauke in 1938. After struggling to get that property up and running, they were encouraged to build a camp for girls. This was quite risky since they did not own but leased the property. They decided to give it a try and with Warren Chase at the head of it all, the building started.

At the age of 10, I tried to help. I remember Warren telling me those nails go in better if you hit them on the head. I guess I was missing a few as we nailed down the roof boards (no plywood at that time) Cabins 1,2, and 3 were built ready for the summer of '49. Some 32 campers started that year and it was a great success, as we now boast 120 girls per session.

Shortly after that opening season, Warren died. What a fitting tribute to him and a lasting monument.

Hope that info helps. Gary Miller, 11\15\16]

'Tons of Money' To Be Given By Orford Seniors

The Senior class of Orford High school will present a three-act farce, "Tons of Money," at Fairlee Town hall on Dec. 8, at 8 p. m. This play is being directed by Miss Joyce Saunders of Campton, N. H.

As well as rehearsing for the play, the seniors have been busily engaged in constructing an interior setting for the play scenery. This work is under the supervision of Leroy Guptill of Orford, assisted by Gerald Pease, Frank Lynes and Russell Smith, all of Orford.

The play "Tons of Money," is concerned with the sad financial status of an aristocratic young couple in England. Aubrey and Louise Allington are left a large sum of money, but because they owe so many bills, Aubrey decides that he will "die" and reappear as his cousin, George Maitland, who will then inherit the money. There is a merry mix-up when three "George Maitlands" come to collect.

The play cast is comprised of pupils from Orford, Lyme, Wentworth and Warren. Those with speaking parts are: Sprules, James Brown; Simpson, Sue DeGoosh; Miss Benita Mullett, Joy Miller; Louise Allington, Joyce Greer; Aubrey Henry Maitland Allington, Douglas Lackey; Giles, Clayton Huchins; James Chesterman, Bruce Landgraf; Jean Everard, Janet Willis; Henry, Preston Joslyn; George Maitland, John Brown.

Those engaged in backstage activity are: Irene Davis, bookholder; Gerald Pease, stage manager; Frank Lynes, assistant stage manager; Gerald Pease, electrician; Russell Smith, property manager; Hazel Gile, assistant property manager; Irene Davis, costumes; Frank Lynes, business manager; Edna Canfield, programs; Arlene Newton, Shirley Joslyn, publicity; Robert Smith, Dan Brown, Ellsworth Tupper, Marjorie Short and Arlene Newton, ushers.

Large Audience Sees "Tons of Money"

"Tons of Money," a three-act farce was presented by the seniors of Orford High school to a capacity audience at Fairlee Town hall Thursday evening.

The scenes took place at the Aubrey Henry Maitland Allington's houses at Marlow, England. The scenery was well done by the senior boys under the supervision of Leroy A. Guptill.

Miss Joyce Greer took the part of Louise Allington and Douglas Lackey as Mr. Allington; other seniors participating were: James Brown as Sprules, Miss Sue DeGoosh as Simpson, Miss Joy Miller as Miss Benita Mullett, Clayton Huchins as Giles, Bruce Landgraf as James Chesterman, Miss Janet Willis as Jean Everard, and Preston Joslyn as Henry. They all did excellent work in the portrayal of their characters.

Backstage seniors were: Gerald Pease and Frank Jones, stage managers; Russell Smith, property manager; Miss Irene Davis, costumes. Accordion and piano solos were enjoyed between acts. Miss Joyce Greer presented a message to the director, Miss Joyce Saunders.

Dancing with Orford Community orchestra followed the program.

•Orford Dancers Score With 'Honest John'

In striking contrast to the other dance numbers on the program of the recent New England Folk Festival in Boston, the presentation of the classic, Honest John, by the Orford Dances aroused the sustained attention and interest of the dance floor bleachers and gallery. It well deserves a quote from a letter from Will Ayer, "Old Vermont Fiddler," in Fairlee last Labor Day: "Honest John was beautifully done - the fiddler, caller and dancers did their respective parts in fine shape, with the grace and tempo of 60 years ago." Will ought to know, he was there.

Pease Home In Orfordville Burned Dance Tonight And Work Planned To Help

Residents of Orfordville, Orford, Fairlee, Wentworth and Warren are rallying to the aid of Mr. and Mrs. Glenn Pease whose 170-year-old home was burned last Thursday night.

The Orfordville home was reported to have started burning about 8 and the efforts of about 50 men from the fire departments of Orford, East Orford, Wentworth and Warren were unable to put it out, though they were pumping water from two spots in a brook. The barn, several sheds and three rooms of furniture were saved. There was partial insurance on the property.

Mr. and Mrs. Pease and Arthur have moved into the home of their son Gerald.

Take Immediate Action

The day after the fire friends and neighbors met to organize into committees. It was agreed that the house would be rebuilt as closely as possible to its original Cape Cod style.

Saturday more than 150 residents from Orfordville, Orford, Fairlee, Wentworth, Warren and other area towns gathered at the Orford Congregational church.

Pledges were signed indicating financial, material, skilled labor, or whatever aid could best be given.

Robert Carr, chairman of the project's finance committee, has reported more than \$800 in donations and pledges to date.

Tonight, Sept. 13, will be "Glen Pease Night" at the Painted Barn in Wentworth. A Western show, featuring Jimmy Copeland, and square dances called by Willy Woodward are scheduled.

Leighton Perry, sub chairman of the construction committee, has secured the free use of a bulldozer from Paul Sargent of Fairlee, a shovel from McCloud and Sons of Plymouth, and a truck from Oscar Brown of Wentworth. Volunteer operators have already come forth.

Perry expected to finish clearing debris from the yard and cellar hole by yesterday and to construct forms so that footings could be poured Saturday.

Committee chairmen include Robert Carr, finance; Walter Mack, construction; Frances Davis, home making; Henry Chaplin, publicity; Gerald Davis, entertainment; Meldrim Thompson, acknowledgements.

[Actually, the house was about 130 years old. I lived with Les, Hazel and Lloyd for several weeks, while Ma and Dad moved into Ruth Brown's house just below the turn to East Cemetery Road. We moved into the new house Easter Sunday of 1958. The whole rebuilding was a wonderful story of a community coming together to help neighbors!]

•Orford Boy Chosen West Point Nominee

Arthur S. Pease of Orford, N.H., has been named as one of four nominees to compete for a vacancy at the U.S. Military Academy at West Point by U.S. Representative James C. Cleveland. Following competition with the other three final selections will be made by the Academy on the basis of additional tests and a physical exam.

[Dick Hamilton, OHS principal, encouraged me to try for this and a Naval R.O.T.C. scholarship as well. He arranged for me to go to Boston for the physicals, on the milk truck with Horton Washburn. Dick's father, or father-in-law, met us at the Hood plant in Arlington and took me to his home on Quincy, then took me to my appointments and back to the Hood plant a day or two later. It is not surprising that neither the Academy or Navy was impressed when I arrived on crutches!

At the time, I don't remember having any thought of the Viet Nam war [just beginning to expand with American troops] nor any thought about what military life would be like. I've never liked jumping and asking how high in the air! Succeeding with either of these college situations would have meant I would have gone into the service in the summer\fall of 1968, when newly-minted 2nd. Lieutenants didn't have a long life span.

I also didn't think about the fact that my not going to war meant someone else did!]
