**AUDIT TYPE:**

Announced Audit

**AUDIT EXECUTIVE SUMMARY:**

Review of the cold storage and distribution (with up to 10 people total, today there were 8 people) activities done in a 45,000 sq. ft. building of concrete structure with 3 levels, 13 small cold rooms maintained mostly below 41 F degrees and couple of them below 55 F degrees, and two of them are used for the storage of top iced commodities, and one spare room, along the "corridor" areas for receiving and shipping. The cold storage operations include the receiving of the fresh produce and cold storage and distribution. Most of the distribution is done with own fleet of trucks, and few pick ups by customers. Water supplied from the city municipal source -for cleaning purposes-. The operation runs year around.
