

# Artist Millard Sheets Virtual Program

## About

Remember Home Savings and Loan buildings? You've driven by them many times and probably never thought about the artist who created those amazing murals. Artist Millard Sheets captured the imagination of millions with his unique blending of artistic style within architectural design. He created murals for over 100 of the old Home Savings and Loan buildings (many of which are now Chase Bank branches).

Join us for a peek into these eye catching murals scattered throughout the city. The Los Angeles Conservancy will be our host as they showcase the legacy of Millard Sheets.

This program for adults is generously sponsored by the Sherman Oaks Friends of the Library.

Please register by e-mailing [shrmno@lapl.org](mailto:shrmno@lapl.org) for the zoom link.
