SNOW PLOWING / ICE AND SNOW MELT

We will make every effort to keep the driveway and parking area as clear as possible. If it is snowing, please park facing the woods to the right of the large birch tree so our contractor can clear the area in front of the garage and to the deck and walkway. There is sand under the car port on the back porch for your use.

BACKYARD TRAILS

Our 50 acres have a network of walking trails that circle the center 3 acres and branch off from there. Some wind through the woods and ravines and others are a gentle stroll through the trees with vistas of the mountains. Even if it's cold, go out back and enjoy the sounds of ...nature. Waterproof boots will be a workout, snowshoes less so – but worth every step.

TRASH PICKUP

Please take your trash to the dumpster by the gate upon checkout. Because of the length of the driveway and the hill at the end, the trash company will not collect trash closer to the house in the winter.
