1. Skills

1. I have played the cello since Elementary
school
2. I have worked hard to learn each role as I
have climbed the ladder in my career. Hard
work, and being an authentic and innovative
leader, are important to me.
3. My brain looks at processes from a 10,000
foot view: what is our north star, and how do
those pieces fit together?
4. I learn rapidly when immersed in a new
culture or new way of doing something.
