Children per week receive quality arts-based education from dedicated arts educators with an invested focus to invest in children and schools in their community!

CHILDREN

**CLASSES A
WEEK**

26

Classes per week, Monday-Friday, over several schools that educate primary and middle school children on the South & Far-Southside of Chicago, IL.

68%

Black and Brown children on the West & Southsides cannot access quality Art Education. Some organizations that provide arts services do not have a vested interest in our schools and lack relatability, cultural competency, and high expectations.

\$1M

To lighten the load and plant resources in the South & Far-Southsides of Chicago, we are raising at least \$1 Million to provide high-quality, year-round arts education to at least ten schools in marginalized areas with distressed budgets. Resources will support a full-time arts educator, materials, performances, and cultural experiences.
