SCULPTING PERFECTION

Since 1999 the Denver Arts Festival (DAF) has been dedicated to offering a showcase for Colorado's visual artists and a select group of National artists. DAF has a loyal following from the local art buying public because we promote fine artists from Colorado by reserving over two-thirds of the festival for in state artists while also presenting some of the best artists from around the country.

The Denver Arts Festival takes place in the Conservatory Green in the Central Park (formerly Stapleton) Neighborhoods. Central Park covers over 12 square miles and is one of the fastest growing areas in Metro Denver. This urban oasis, with 50 parks, bike trails and open spaces, is home to community neighborhoods who enjoy all that Central Park has to offer. The Denver Arts Festival is the largest event in Central Park and will offer a chance for all Denver residents to view and purchase the art of more than 150 juried artists, exhibiting creative works in painting, sculpture, drawing, printmaking, mixed media, jewelry, glass, metal, ceramics, wood and photography.

Located just East of Downtown Denver, the Festival is surrounded by the ever growing and vibrant Central Park area. With over 35,000 current residents and more projected in the near future, the Denver Arts Festival is positioned in this internationally recognized community. With over 60% having a college degree, the average age is 35 with over 72% earning incomes of over \$100,000.

Plus, Central Park is in the top 1% of median income and education levels in the nation. Add these demographics to the large draw from around the Metro area and you can see why being part of the Denver Arts Festival can be a great part of your promotional needs
