Proceeds from event benefit London Strong Foundation. This Foundation was created in memory of London Eisenbeis who passed away from Long QT heart condition. We are a (501(C)3 nonprofit organization that brings focus to Long QT and other heart related conditions in order to save lives. Stressing the importance of heart screenings for children and emphasizing the importance of CPR/AED training. With the help of you, we are able to place AED's throughout the community in an effort to save lives. London had a love of animals, especially cats, so the foundation will also make charitable donations to pet rescues.
