## Hybrid Fall Rye

### A NEW GENERATION FOR RYE PRODUCTION

Brasetto is Canada's first hybrid fall rye and it's certainly not your grandfather's rye. This rye yields a whopping 123%\* of the conventional checks and has exceptional lodging resistance. Taken together, it all contributes to improved grain uniformity; quality desired for milling, distilling, ethanol and feed.

### Adaptability

Brasetto hybrid fall rye is well suited to all the regions in Canada.

### Highlights

- Top-in-class yield; up to 123%\* of Hazlet
- Very good lodging resistance
- Short stature, easy to harvest
- Uniform maturity and consistent height
- High forage yields for silage
- Desired by millers and distillers
