Stay involved

Even though the EFSB approved the project, Oakham continues to fight.

We have many opportunities to step up to help with the fight.

One impactful contribution you can make is to attend town meetings - specifically the Board of Health, Board of Selectmen, Conservation Commission, and Planning Board meetings. All of these town officials are fighting in various ways and the support from residents is appreciated and needed, whether in person at a meeting, via Zoom, or input through an email.

Stay involved!
