

# Blank Check Potential

What is a Blank Check Potential?

A **Blank Check Potential** is the manifestation of a goal onto a check. It is the amount you want to be paid for reaching your goal.

Establish your goal first. Then complete your Blank Check Potential.

Steps to fill out your Blank Check Potential:

1. Make the check out to you.
2. Put a date on the check.
3. Post it somewhere you will see everyday.
4. Make it for an outrageous amount of money.

If you would like to be coached on the Blank Check Potential or have this presentation shared with your group, please contact Gary Gregory.
