## **Area 5 Democrats Endorse Doug Rogers for Congress in Texas' 36th District**

**Pasadena, TX** — The **Area 5 Democrats**, a long-standing grassroots Democratic club serving communities across Southeast Harris County, have officially endorsed **Doug Rogers** for Congress in Texas' 36th District. The endorsement adds to Rogers' rapidly expanding coalition of support and follows a series of recent, high-profile endorsements from the **Texas AFL-CIO COPE**, the **Bay Area Democratic Movement**, and other influential Democratic organizations across the region.

The Area 5 Democrats, known for their deep community engagement and consistent voter mobilization efforts, voted to endorse Rogers after reviewing his platform focused on lowering costs, protecting access to healthcare, and restoring accountability in Washington.

"Area 5 Democrats are on the front lines of organizing and voter outreach in Southeast Texas," said **Doug Rogers**, candidate for Congress. "Their endorsement means a great deal. They understand the daily challenges families are facing — from rising healthcare costs to the price of groceries and utilities — and they're committed to electing leaders who will fight for working people. I'm honored to have their trust."

Rogers, a Southeast Texas native, financial investigator, and anti-corruption expert, has centered his campaign on tackling the affordability crisis and ensuring every community in TX-36 has access to economic opportunity and affordable care. His message has resonated strongly with Democratic clubs, labor organizations, and community leaders across the district.

"This campaign is building real momentum," Rogers added. "From labor to grassroots clubs to community advocates, people are ready for a representative who shows up, listens, and delivers. I'm running to bring practical solutions and honest leadership back to Congress."

The endorsement from the Area 5 Democrats reflects the growing enthusiasm among Democratic voters ahead of the March primary. The organization meets monthly at its Pasadena headquarters and plays a key role in mobilizing volunteers, phone bankers, and postcard writers throughout election season.
