### Sponsorship Info Contact Earth Day

## SPONSOR EARTH DAY, SAVE THE WORLD.

Our sponsors range from multinational corporations who partner locally with us, to local governmental agencies, non-profits and businesses who value the opportunity to participate in this event as it grows and reaches more people each year. We could have never done such exciting things with this festival if it weren't for our wonderful sponsors and partners!

*“Waste Management’s goal is to partner with communities and organizations that share our same vision for the environment. Over the past few years Waste Management has enjoyed our partnership with Air Alliance’s Earth Day Houston event. The annual event provides the perfect setting and framework to exchange best practices and educate the community at large on ways to keep our planet healthy and green. Last year we were able to share our message to Recycle Often, Recycle Right to thousands of visitors.”*

**– Lisa K. Doughty Sr. Public Affairs Manager Texas & Oklahoma, Waste Management**

*“The World Federation for Coral Reef Conservation’s goal is to partner with local communities, organizations and like minded people to raise awareness for the need to be proactive in conservation efforts that parallel our same vision for the future survivability of coral reefs and coastal environments. Over the past 10 years we have assembled eight programs and over 1000 people that are directly focused on reef and coastal conservation by a unique holistic view of all of man’s adverse effects on the environment. This event is just one way that we reach out to likeminded people to involve citizen scientist and other good corporate citizens.*

**– Vic Ferguson Executive Director The World Federation for Coral Reef Conservation**
