

Welcome to A New World of Entertainment & Experiences

Our Goal is to provide Entertainment for the Entire Family, no matter what the Age nor the experience of the individual. In fact, if you find a new sport that you would like to try, we have experienced and professional instructors available. For those that want to simply rest and relax in one of our World-Class Hospitality Hotels, Restaurants or Cultural Venues, there are many to select from. - Or you can simply take a leisurely stroll around the park, lake or Gardens. There are also many viewing stations contained within the snowdome as well as in and around the Theme Park and Action Sports attractions.

So, if you are looking for luxurious accommodations, exquisite restaurants as well as simpler pub food on the slopes, we have you taken care of. Look below at all that we have to offer in and around our Snow Domes and Theme Parks and if you see something missing, let us know and we will explore adding it into our Snow Fun or Extreme events offerings. We believe that you will stay quite busy while here and you will probably want to reserve your next vacation/stay with us while you are having fun. We hope you enjoy your experience at the Snow Dome!
