Conditions of Service:

Stud Dog Owner enters into this agreement with the intent to help the female owner to produce healthy puppies. With that, the following items are included in this Stud Contract.

1. All fees for the stud service only and are not to be construed as a guarantee of puppies. If the female fails to whelp or whelps fewer than two (2) living puppies at birth, the owner of the female must notify the stud dog owner not more than 65 days after the date of the last mating. There shall be no

refund in whole or part. but a return service to the same stud shall be provided at the same female's next heat if both are still available: if not available, other arrangements will be made and this contract will be amended in writing.

2. If ownership of the female changes, right of return service shall be at the option of the stud dog owner.

It is specifically agreed that the stud dog owner is not obligated to sign the application for registration of this litter until the stud fee has been paid in full or, in the case of a puppy fee, the stud owner has possession of the puppy as agreed. Nor is the stud dog owner required to sign the litter application if any of the conditions in this contract have not been followed or if there is a question as to the parentage of the resulting puppies.

If monetary stud fee is waived by stud owner for choice of "Pick of Litter" of said litter, the following applies: Breeder will forward stud dog owner several close-up detailed pictures of the litter during different periods of growth from birth to 4 weeks of age. Breeder agrees that no puppies in said litter will be "promised", kept or sold until stud dog owner has made their pick. Stud dog owner does agree to make a pick by 4 weeks of age. Any puppy picked by stud dog owner in lieu of monetary stud fee will carry the UnipPop name. If the Pick of the Litter puppy is to die or for any reason stud owner is to receive \$1000 cash within 30 days of puppies being 8 weeks old.

Stud Fees/Expenses

1. The female owner is responsible for any and all fees associated with breeding including, but not limited to veterinary services, shipping fees, and ovulation timing or AI (Artificial Insemination).

2. Reasonable care will be given to the female while in the possession of the stud dog owner. Owner of the stud dog agrees to keep the female to be bred confined and inaccessible to all other male dogs until the female has been bred and returned to her owner.

3. The stud fee shall not be refunded, in whole or part, for any reason, except as specifically provided for within this contract.

4. Chilled Extended or Frozen Semen:

If female Owner elects to have fresh chilled or frozen semen shipped to the female the entire cost is that of the female's Owner. This fee is in addition to the Stud Fee. Litter papers will not be signed until the remainder of the Stud Fee and the entire cost of the Chilled/Frozen semen expenses are paid in full. If breeding does not take female Owner is still responsible for the cost of the Chilled/Frozen semen expenses. Further, if semen was drawn and arrived in good shape and female Owner does not wish to repeat the breeding the original deposit will serve as the fee for the original breeding plus any out of pocket expenses Stud Dog Owner has acquired, and this contract will be null and void. Should female's Owner choose to do a second breeding - the remainder of the Stud Fee is due up front.

In breeding animals, there is always a risk that one may be injured during the process. Female owner agrees to hold the stud dog harmless from any liability or damage. In addition the female owner understands that the stud dog owner accepts no liability for the actions of this female while in their care, including but not limited to personal injury or property damage.

This contract contains the entire agreement of the parties and shall be construed and enforced. Both parties stipulate that there are no other agreements other than those set forth in this document. Each part acknowledges that they have read and understand the terms and conditions of this stud service contract and have voluntarily entered into and executed this agreement.
