

# What is Bid Matching?

---

CEI will breakdown projects by work type and post them to a website for DBEs.

---

The information will include project #, type of work, quantity and description.

---

You will be able to locate all project information through the pdf provided.

# What to do?

---

You will receive a link that will take you to a web page that looks like the next slide.

---

Click on the button that says download under the work type of interest.

---

You will see a pdf with many opportunities listed on it.

Print out the pdf for reference.

Massachusetts Department Of Transportation

  
Highway Division

Proposal No. 612203-118828

DOCUMENT A00801

**SPECIAL PROVISIONS**

**DISTRICT 5**

**Scheduled and Emergency Pavement Repairs and Improvements at Various Locations  
Area D (Barnstable County)**

Labor participation goals for this Project shall be 15.3% for minorities and 6.9% for women for each job category. The goals are applicable to both Contractor's and Subcontractor's on-site construction workforce. Refer to Document 00820 for details.

**SCOPE OF WORK**

This project consists of maintenance resurfacing and roadway repairs at various locations throughout District 5. The work to be done includes pavement milling and/or the placement of Superpave hot mix asphalt, or a combination of these items as directed on various State-owned roadways or numbered municipal roadways as part of MassDOT's Municipal Pavement Program.

Other work to be done includes installing new ADA compliant wheelchair ramps, adjusting and rebuilding drainage, sanitary, and water structures, removing and resetting drainage structure frame and grates or covers, removing and resetting granite curbs, installing rumble strips at shoulders on high volume, multilane roadways, installing wire loops as required, installing new pavement markings, erosion controls, and other miscellaneous work.

Work also includes Pothole Repairs at various locations.

This what you will see when you click on Bid Items. The first number is QTY, second Number is unit of measure, third is the word description of the work, and the last is the work item number.
