

ABOUT US

Taylor & Burns Architects is a full-service architectural design firm based in Boston since 1994. We specialize in creating buildings that do more and consume less, improving the built environment through the art of construction. Our approach emphasizes hands-on principal-level attention from project inception to construction close-out.

DIFFERENTIATORS

- Rapid visual media production for design alternatives, enabling direct engagement from clients and stakeholders
- Strong network of engineers and consultants for projects of all sizes
- Proven expertise in construction cost control, consistently delivering projects below approved budgets
- High-quality documentation and attention to detail, ensuring value and craftsmanship in construction
