

CAPABILITY STATEMENT

Welcome to **A-Plus Welding & Engineering, Inc.** a Minority-owned DBE/MBE certified company based in Boston, MA. We specialize in Rebar Installation, Structural Steel Erection, and Architectural Envelope Systems. We provide both furnishing and installation services.

With diverse skill sets and extensive experiences we tackle various projects across horizontal and vertical industries, Building & Bridges, Civil & Commercial, and Industrial & Infrastructure.

We are committed to safety, compliance, and quality. Our management team and team of Ironworkers are professional and cooperative on every project, no matter the challenges faced.

CORE COMPETENCIES

STEEL ERECTION: Expert installation of structural steel for buildings, bridges, and infrastructure.

BRIDGE RAIL INSTALLATION: Skilled installation of durable bridge rails for safety and integrity.

MISCELLANEOUS METALS: Comprehensive installation of stairs, handrails, platforms, and more.

STORAGE TANK WELDING: Precision repairs and upgrades for optimal storage tank performance.

REBAR & MESH INSTALLATION: Quality installation for reinforced concrete, enhancing strength.

BARGE WELD REPAIRS: Specialized services to maintain barge safety and operation.

ARCHITECTURAL MOCKUPS: Detailed mockups for construction project visualization and planning.

MOBILE WELDING: Fully equipped mobile services for flexible on-site welding needs.

FALL PREVENTION SYSTEMS: Professional installation of workplace safety systems.

FIRE ESCAPE INSPECTION/REPAIR: G-3 licensed by Boston for compliant inspections and repairs.

KEY CHARACTERISTICS

DBE/MBE CERTIFICATION: Certified as a Disadvantaged Business Enterprise (DBE) and Minority Business Enterprise (MBE), providing diversity opportunities for federally and state-funded projects.

EXPERT TEAM: A highly skilled team of certified welders and ironworkers with extensive experience in structural welding, steel erection, and metal installations.

SAFETY-FIRST APPROACH: Commitment to maintaining a safe and injury-free workplace, reflected in our rigorous safety policies and outstanding safety record.

COMPREHENSIVE SERVICES: Offering a full range of structural welding, installation, and repair services, including mobile welding and specialized metalwork.
